

Solar Energy

In line with the organization’s vision of investing in a low-carbon and clean energy portfolio, Apraava Energy forayed into solar power generation in 2016 through a joint venture with Suzlon in Veltoor, Telangana. Apraava acquired two more solar plants from Suzlon in 2018. In 2020, Apraava Energy increased the size of its solar energy portfolio by 45% by acquiring two of Mahindra Renewables’ solar projects.

India has also embarked on an international solar mission – International Solar Alliance – to harness abundantly available solar energy to meet the country’s growing energy demand in an eco-friendly manner. Apraava Energy is a corporate partner in the International Solar Alliance and is actively engaged in fostering the country’s solar mission.
